

FSX Air Force

June 2011

Pg. 1: The Website

Pg. 2: Handbook Beta Update and
Logo Contest

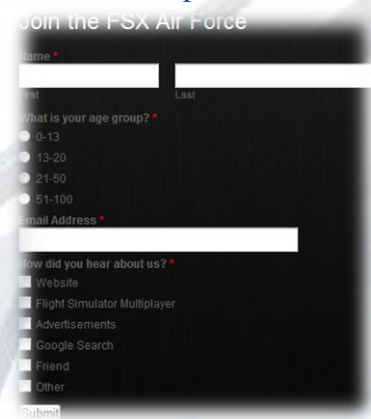

NOTIFICATIONS

The new TeamSpeak update as of May 16, 2011 has confused quite a bit of people. In the updated TeamSpeak, type in this whole address into the server address textbox. Ignore the password textbox.

Address: 99.7.144.139:9992

THE WEBSITE

All teams, no matter what size, need a website to advertise their business. With the help of Weebly, an advanced and free website hosting domain, we are able to host a high quality website for our Armed Forces designation. In our website, several new features have been added. One of those new features **“The registration tab will enable the FSXAF to grow into a world-famous team.”** is a registration tab. The registration tab will enable the FSXAF to grow into a world-famous team. Since this website appears on the second page of Google search after using the keywords “FSX Air Force,” an estimated 20 people may register in the coming two-three months. This process is very simple, your name and email-address is required. Another amendment to our new website, although not too “new,” is a convenient mobile version of our website. This version enables browsers to load the site more quickly and in a compact manner. Stay tuned for more improvements to our tech-savvy website.

“A HANDBOOK TO RELY UPON”

A beta version of our new handbook is available upon request. The handbook has not been finished yet, but will contain all of the basic guidelines to help you become a successful member. To add rules or suggestions, please email an admin.

FSX AIR FORCE LOGO CONTEST

The FSX Air Force is hosting a logo contest for their international symbol and emblem. This logo must not be copyrighted. Please email an admin with your submission attached in the email.
